DECNO
floor of innovation

Discover a world of flooring with an attractive *style* and *quality* that lasts. *Simple* to install. Choose your style and enjoy the ease of living.

Style.

Different people, different tastes, different styles. We offer you an extensive range of decors, finishes and structures because your home reflects your personality.

Quality.

Buying a DECNO laminate floor is a long-term investment. We offer peace of mind because we believe in combining high quality materials with the best craftsmanship, enabling us to offer a lifetime (limited to 33 years) warranty on certain collections.

Simplicity.

Innovative installation systems make our laminate flooring easy to install. And with your 'ease of use' in mind, we've minimised the maintenance required. All floors are scratch, moisture and stain resistant. (EN 13329)

Enjoy with DECNO a **quality** floor that lasts a lifetime.

Buying a DECNO laminate floor is a long-term investment. We offer peace of mind because we believe in combining high quality materials with the best craftsmanship, enabling us to offer a lifetime (limited to 33 years) warranty on certain collections.

We care about your **ease of living.**

TO OFFER YOU PEACE OF MIND, ALL OUR LAMINATE FLOORS ARE:

- 
Wear-resistant
 Thanks to a wear resistant top layer in combination with the high density HDF core board.
- 
Cigarette proof
 A fallen burning cigarette that is for a few seconds on your DECNO laminate floor won't leave the slightest trace.
- 
Moisture-resistant
 DECNO produces the HDF core boards itself and applies the highest standards regarding swelling and expansion.
- 
Impact-resistant
 The floors can resist sudden impacts from high heels, alling objects and the pressure marks caused by furniture legs.
- 
Scratch-resistant
 A DECNO laminate floor can easily withstand scratches from. Office chairs with soft rubber wheels. However, to keep sand from scratching your floor, it is best to use a doormat.
- 
Slip-resistant
 To keep you from falling, our engineers have worked hard to improve slip resistance. We score 45% better than the norm (EN 13329).
- 
Stable & strong
 The high quality core boards limit the effect of relative humidity on your DECNO laminate floor, in comparison with solid wood or chipboard.
- 
Stain-resistant
 With a DECNO floor, stains need not be a disaster. Even magic markers, lipstick or nail varnish can easily be removed with a drop of acetone on a clean cloth.
- 
100% healthy
 DECNO laminate is not glued. The different layers are compressed to form a stable plank. No harmful products are used.
- 
Compatible with
 Underfloor heating
 Compatible with underfloor heating and, under strict conditions, water-based floor cooling.

Easy to maintain

A light mopping or a cleaning system with moist towels is more than enough to clean your DECNO laminate in a minimum of time and to keep its lovely appearance for years.

 Questions & Answers

We care about the **environment.**

All laminate floors carry the CARB label, the warranty for responsible. forestry management and preservation. It ensures that each time a tree is felled, a new one is planted.

100% safe

A smart use of high quality raw materials ensures a safe installation: DECNO laminate floors contain 10 times less formaldehyde than the required norm.

easy
to install

The DECNO click systems make the
installation of our floors true *simplicity*

With the Decno click systems it is extremely easy to
install laminate. Roll your laminate floor planks into each
other, allow the planks to fall into each other or just
push them together. Each system guarantees a strong
and seamless transition.

All our skirtings & profiles have a unique 'lacquer covering overlay' to make them more scratch-resistant.
Skirting clips can be used to install skirtings, wallbases and parquet skirtings.
